Reflection

March is the month of St Joseph. Very often, St Joseph is seen just as the step-father of Jesus, quiet, almost watching over the Holy Family with no saying. We could say that one of the reason why he did not say anything or anything was reported in the Gospel except at the Annunciation, it is because, his whole life was to point out at the One who should be listened to. He was chosen among other men to be the man who would be the father of Jesus on earth. And Jesus did not call him “Jo” but “Dad.” During his life, St Joseph took care of Mary and Jesus with the same care and love than a husband and father would show in any family. He worried for them. His mission was of course unique but he trusted God and accepted his role with faith and fidelity.

Not everybody will agree but I think St Joseph is an important gift for the Church since his intercession is powerful and so important for our time. Since we are ready to take all the vitamins to live longer, let us also take all the help we need to be among those who will sing God's glory in his kingdom. Jesus is our unique Savior. Yes, our life is to be close to Jesus, to know him, to honor and to love him. But we also believe in the communion of the saints based on experience. St Joseph is one of the most important figures of this communion, showing his intercession and protection to those who asks him. And I sure, he will be happy to help us. Just ask.
